Bosco, meaning "forest" in Italian, represents the essence of our restaurant and pays homage to Romania's renowned untouched forests. Our concept is deeply rooted in a commitment to nature and the forest.

At Bosco, we ensure that every element of our restaurant honors the natural world. From the abundant woodwork to the decorative wood panels on our exterior and our plates, most of which are made from 100% organic clay.

Our goal is to stay as close to nature as possible, sourcing a significant portion of our ingredients from local organic farms or foraging them ourselves.

Enjoy your experience at **BÒSCO** !
